## ON-SITE ELECTRONIC WARFARE INSTRUCTORS

**Duties:** On-Site Electronic Warfare Instructors will support the delivery of Electronic Warfare training to Soldiers, Warrant Officers and Officers. These instructors will also provide training towards the planning, integrating and synchronizing of Electronic Warfare (EW) assets for Army brigade and division level operations.

The duties will include preparing training materials, developing training aids, providing instruction, and After Action Reviews (AAR). Instructors and trainers must be able to demonstrate exceptional written and oral presentation skills.

**Civilian Education:** Bachelor's degree or equivalent experience.

**Military Education:** Experience in classroom or in the field.

**Military Operational Experience:** Candidates must have knowledge in Electronic Warfare doctrine, CREW system reprogramming/testing theory, and Electronic Spectrum Management experience. Electronic Warfare Integration, training development, and knowledge of foreign electronic warfare systems are desired.

**Security Clearance:** These positions require SECRET security clearance with eligibility for TS/SCI. Candidates MUST have a CURRENT secret clearance to be considered.

**Location:** Fort Sill, OK

**POC:** Lisa Everington, [lisa.everington@apogee.us.com](mailto:lisa.everington@apogee.us.com)
